

# Don't Monitor Your Assets. Let Us Do It.

Peace of mind remote monitoring by Des-Case.

## How It Works

Subscription packages starting at \$34.95 per month, per asset

## Why Do I Need Remote Monitoring by Des-Case?

- ✓ **Peace of Mind**  
Know your assets are protected and monitored by our lubrication experts.
- ✓ **Holistic Monitoring**  
Ensure successful lubrication of your critical assets by monitoring the lubricant's health, cleanliness and RH level. Edge gateways included.
- ✓ **Cartridge Replenishment**  
When the breather spends on a subscribed asset we'll order and ship a replacement at no cost to you.
- ✓ **Program Sustainability**  
Maintain your program, regardless of changes in team personnel, with over \$30,000 worth of continued lubrication best practices training and consulting.
- ✓ **Personalized Reporting**  
Not just a canned report. Our lubrication experts continually monitor your assets to provide reporting and solutions unique to your conditions.
- ✓ **Workforce Efficiency**  
Lean on our team so your millwrights and mechanics will have more time to complete more tasks on time.
