FOR IMMEDIATE RELEASE

DES-CASE NAMED TOP WORKPLACE SIX OUT OF LAST SEVEN YEARS

"To Win In The Marketplace, You Must First Win In The Workplace."

GOODLETTSVILLE, Tenn. (June 25, 2022) — [Des-Case Corporation](#), a global manufacturer of specialty filtration products that improve process equipment reliability and extend lubricant life, has been named a Tennessean Top Workplace. This is the sixth time in the last seven years that Des-Case made the Top Workplace list.

"People make the difference in our business. We are fortunate to have such a hard working, driven organization that also values the importance of having fun as well. It is a joy and honor for Des-Case to continue to be recognized for this distinction," said Marcus Pillion, CEO of Des-Case.

The Top Workplace award is based completely on employee feedback and overall company satisfaction gathered through a third-party survey administered by [Energage, LLC](#). The annual nationwide selection program, implemented by a group of regional daily newspapers across the country, named the most desirable places to work in the United States.

"This is a fantastic recognition to the Des-Case organization, its culture and most importantly the people that drive it forward. Even during the most challenging of times, the folks here have shown resilience and done it in such a great and engaging way. The team effort is being shown in this recognition and the organization is proud of this award along with the role that it plays in the local community," said Jacques Cartier, CFO of Des-Case.

Throughout the anonymous assessment, employees were asked questions measuring various aspects of workplace culture, work/life balance, management, pay and benefits, and company direction to highlight a few. This survey allows the team to provide feedback to management and influences overall company strategy and employment satisfaction.

Des-Case has 58 employees based in Middle Tennessee, with more in other parts of the U.S. and internationally, for a total of 118 employees worldwide. Despite a couple of unprecedented years, Des-Case's workforce is as strong as ever and "as we continue to grow globally, we are excited about what the future holds," said Marcus Pillion.

About Energage, LLC
